Ayn, Martin and Howard

Good discussion yesterday. I have tried to capture our key overall messages, knowing that if we take this path forward we will get into many more technical details. Please review and comment; and do not distribute. Ayn and Martin, could you please consolidate your suggestions into a single document? Or you can come see me, I will be in by 9. Need your thoughts by 10 am. Howard, if you can call me with any suggestions when you can, that would be great.

Thanks

Kate
